FIBP Report

Due to COVID-19, there has been additional changes to our policies and procedures to ensure staff and public safety. Lifeguards will NOT sit double to a stand until further notice. Side-by-side service will also remain prohibited. We still do offer the beach wheelchair use upon request but have limited availability.

Lifeguards will ensure all trash cans are clear from the bike rack at the end of the day. Additionally, we will report to Public Works if all cans are full and need to be removed and replaced.

FIBP will also have direct contact with Delaware State Parks Rangers to respond to all enforcement issues in the state portion of Fenwick.

I would like to commend Rookie Lifeguard Jackson Woodward. On 7/7/2020, before sign-on, Jackson was called to by a mother that lost a visual of her 9-year-old daughter in the ocean. Jackson quickly reacted to the situation by locating the victim and promptly pulled her to safety. The girl was having a seizure in the water. Jackson and fellow lifeguard Ryan Bryson maintained the airway until medical assistance arrived. The girl was transported to a medical facility by Bethany Fire and Sussex Medics. Jackson's quick response, as well as FIBP training and protocols, likely saved this girl's life.

Beach Emergencies:

Rescues: 45
Surf Assists: 12
Minor First Aid: 28
Major First Aid: 2
Missing Person: 3
